Cope product cut sheets are now available and customizable online! The product cut sheet is available for every part and includes the part image, information and specifications. To download a cut sheet, simply pick the desired part and click on “Download Cut Sheet” in the top left hand corner of the product page. The next page is optional; you can customize the cut sheet by completing the form or press “Download Submittal” to take you straight to the product cut sheet. Customization can be added after downloading the form.

The product cut sheet files can be printed or saved into a PDF format which requires Adobe Acrobat® Reader. This reader can be downloaded for free by clicking on this [link](#).

LADDER CABLE TRAY SYSTEM

Straight Length [SL]

Note: Roundout Rungs not system shown. Contact the factory for details.

		Cable Tray Number		Rung Spacing	
System	Width	SL	Length	Spacing	Notes
20	18-30	1800mm	1800mm	450-600	1800mm
	30-48	3000mm	3000mm	450-600	3000mm
